

Agreement of unification of Asia and the world

Kuroda International Foundation

Takeshi Kuroda

To serve basic living environment is all bases to ask all unifications. Basic income and currency unification are base of new economic systems.

New construction of society is standardized and asking a full use of new technologies. Any opportunity for education is guaranteed under political agreement.

Financial soundness is a base to reconstruct own society under society 5.0 bases.

As same as EU system that we consider and unify regions.

Same educational environment is given with whole region and permit all participation to the futures.

Unification of region need unification of all politics. As all cooperation to be participated with universe that technology and developing environment must be shared.

All these are new creation of region and society under all agreement with.
