The dice was rolled. Syria's attack on Israel calls for a Middle East war, with terrorism on religious institutions and a transition to World Government in the United Nations. This is Rockefeller's letter to the United Nations a plan.

Calling for the cooperation of all military forces, behind the disclosure of information and bases with the use of all ICBMs, a total attack on all military forces, a revolutionary uprising in the world, and a confrontation with reality in the instigation of the masses in intelligence agencies. To face any realities.

Veni, vidi, vici,
