

Any result of the history

KURODA International

Takeshi Kuroda

As we seek the past, we equally find voiceless all weak as we have a winner that they are. It is as same as ant and grasshopper and rabbit and turtle. They are mute that they are as same as Ninjas to ask for their future.

The dream is all requirement of the self. How may we find answers from the world?

The world is continuously asking for all steps that have finally been reached. This is a truth that with and luck of all its effort.

Due to effort, it only exists in any reality we have. So this is not wrong.

To be a wise that we find all weak is always watching, which means they know what and lies.

Any difficulty is all reality we may find equally in the past. We all spend all reality of ourselves that we have in our minds.

Survival of its requirement was everything in the past. But technology and academic progress may conquer them to a new future.

There is more than all tears we find in the past. Let me ask you a question. Do you even find a hero in the past?

How much love have you had in the past? All these questions are right based on seeking the future.

Unfortunately, we may not go back to the past, only back to the future. That is all reason I ask you for all your dreams.
