## Atlantic Charter

KURODA International Foundation  
Takeshi Kuroda

Atlantic Charter is all agreement of World War 3. It was and it is. Deference before as World War 2 and 3 is all behind of Plans called new world order. Public opinion manipulation is only a decision to wars so we can find what.

These are the any bases of reality today. NATO forces are all remark we can handle any realities.

We should ask revolutionary wars against to disclose any information.

They are confused all their information they have only crimes. That means we could own the world to arrest them all.

That means public opinion manipulation is not only their tools.

Out of any doubt that China and Russia are all their enemy.

There should be found all possibility to build a justice to cover the world against their works.

Under all these situations to ask any cooperation to own the world and asking to a new world.

Jihad as Islamic holy war is standing against them.
