

Declare of own Foundation and suggestion to the futures

KURODA International Foundation

Takeshi Kuroda

Cooperated with all its progress of ages and the world. Conscience is any bases of participation and asking with own philosophy.

There is more than any excitement of times with all its changes of reality. We are eager to be participated with own Foundation and LLC.

Bases with own philosophy to ask equal partnership and relationship to the world.

Coming space age, we are eager to build own reality under any cooperation among with. Must be both profit with all these cooperation.

Growth of own academics trying to cooperate university for both progress itself.

Any problem that the world is suffering as any effort we could work.

Equal partnership with world politics we could ask all our effort against with.
