

End of Chinese empire and glory of America

Kuroda International Foundation

Takeshi Kuroda

Has an all history of grace but reach end of itself. Covered the world with surrounding China as enemy. We can see justice that for all may not cause.

On the other hand, we can find all wealth in America. This is all compared with a reality we can work for. All these realities are end of all histories.

We are trying to learn all truth, because the world has all histories. What we can see is justice and forces. Bases with all humanity and social progress is covered all reality as forwarding to age of space participations.

Democracy is all from Greek of history and to reach age of freedom to forward new computer ages. They judge inhumanity for any place of the world. All western reality settled whole world and we may not doubt for all realities.

There is all philosophy from west and we are building futures.

This new reality serves new futures. All new unifications are possibly seeking uncertain world itself.

End of history gives futures laying right in front of us all. Winner always take a world and futures. That is laws of the world.
