These are new national security to forward to settle the new world. All liberal camps have plan to forward. These are with justice to cover the world facing to hypothetical enemy.

There is no opponent that facing equally to liberal camps. As we could consider that they will cover the world as participating to universe as bases of all existences.

There are realities one but the others. There are all varieties of any civilizations converging to unifications.

We do have all histories of this planet. Truth is all top trend of USA and the others are poorness of Africa.

Above title is covering whole world. There is a new age with new technologies. We are facing to the futures.

Symbiosis is different from justice. There we could accept all difference. There we see all equally right to live.

All these are different from western philosophy to east. That is all our choice to seek the futures.

There we could agree abandon of wars and not govern under one justice, but share for all difference.

These are forwarding all unification of the world and new participation to whole universe.
