With IT revolution asking national reconstruction with new system that is asked new plat home for nation. Zero emission and new lifestyle, new economy are all bases of plat home as basic incomes.

Bellow all new plat home of nation we ask economy as not purpose but use to seek a new future.

Politics ask new organization and system with all IT environment and rebuild nation at IOT and all other new systems.

New education system is served for all people in nation and healthy growth to free cost to university are duty to be asked with politics.

All these new plat homes are recreation of own nation and asking by decision of politics.

Space age is reality to ask own plan to realize all its environments.
