

The future

Kuroda International Foundation

Takeshi Kuroda

What are the futures? Choice. Uncertain is always with the futures and any realities.

Who has a choice? All its politicians.

Reality and dreams are always struggling with any moment of the history. Who could answer this question?

To see all eyes, we can see the truth.

All determine of mind is settlement of the futures. As we can see all proof in past.

New philosophy is all new creation of the futures.

As I should ask the world is equally define as peoples. That peoples have a world. May it be all dreams of peoples that containing with the world and futures?

All these are contradictions and conflicts with any histories. That is reason why we need answers.

The answer could solve the world and futures.
