ACCESS TO THE WORLD

The futures

KURODA International Foundation

Takeshi Kuroda

The futures are existed undividedly asking forward. Future is only uncertain waiting for any creation of self. Politics has all creation and decision.

The power game is always reality we may find with the world. Ideals may not ask even a reality of the world.

All peoples deny that must be a justice but it does not possibly ask the world.

Hopes are given under heroes.

Peoples are dare to seek the futures but only facing all its realities.

You have to know what determine the world. We do have history and futures. That willing to be any reality with all peoples are aliveness of nation to own the world. On the other hand, there is a death.

Decision and choice are always any creations of the world. We may dream then we are facing all realities.

Any heroes we can find in history they make all differences and create the futures.

Any steps make a difference that is called the futures.

These are difference of winner and loser, due to winner always own the futures.
