It comes with Russia and China, Iran's alliance against Israel, and Anglo Saxon Alliance. The military-industrial complex seeks this opportunity for the last party of theirs.

We could expect the use of a nuclear weapon, but to be wise, Mr. Putin may not know all. That means we have to all its details. Only then can we work for it.

Our alliance may not ask for any concern with all realities. We may seek our world and gather as far as we can try with our groups.

That proves that I was not wrong with any description of ourselves. We may take the 3<sup>rd</sup> pole.

Capitalism may ask himself with all calculations. Money has a world.

We are facing reality but lies. That causes us to seek a future and a new world.

All those efforts from ourselves to you contains a reality.

Tomorrow, never know. But we may decide tomorrow.

Unification of any military norm is useful in the coming future.

It is based on the unification of all societies under the same decisions.

One thing I want you to be clear of is that we are seeking victory.
