Create the future

Search for socialism and proposal for the unification of all Asia

KURODA International Foundation

Takeshi Kuroda

Establish a new idea of equality in socialism and an income environment in basic income to resolve hierarchy and wealth occupancy.

The unification of all Asia will realize participation and proposals to the world in a new philosophy.

These carry out equal regional development in all comparisons with NATO and regional development in cutting edge.

Development in advanced development and technology and standardization of society clearly show participation in space and convene human resources.

These are achieved in political consensus and planning.

These all-Asia agreements call for regional building in equality and sharing of ideals in the participation of all nations, and equal participation in the world in cooperation.

The All-Asia Union will confront World War III, calling for cooperation with the world in diplomacy.
