

United Nations reform

KURODA International Consulting

Takeshi Kuroda

Abolish the Permanent Security Council, unite equal sovereignty of all nations, and make global decisions by majority vote.

Achieving global unity on the basis of an agreement to abolish war in the world in all nuclear weapons and weapons of war.

The disclosure of all information realizes the creation of a new world in its harmony and cooperation.

A declaration of participation in the universe, sharing its infinite possibilities and realizing the creation of the future in cooperation with its friends.

The ideal of a world without suffering realizes a new world in its agreements and actions.

These present the definitions of the UN General Assembly as a joint bill of its many nations.
