

With all declare of unification of Asia

Kuroda International Foundation

Takeshi Kuroda

Facing equally to the world and handle any realities to be participated with new eras. As promise from bible as millennium may be all our dreams.

Declare

/ Forward with own ideal with unification of the world as any cooperated with whole world.

Asking own independence to face any nations and gropes of the world to build equal environment.

To reach any progresses of ages and rebuild own societies with the highest technology.

Life living environment must be equally agreed within region and asking health of lives and society.

With asking own declare to space ages and asking own participation with a full cooperation for regions.

With own economy to be asked to be owned in region of own capitals and to ask any fields of productions with the new generated technology.

The tails of basic income to rebuild new lives styles.
