As without any doubt USA is no.1 presence in any field to be compared with the world. They build own nation with ideal and dreams. There is more than all interest with their nation.

As they insist god we trust, Freedom, Equality, Truth, American dream, fair play spirit, fairness, frontier spirit as so as others Their revolution is fully accepted with the world in 20 centuries. Even today IOT revolution and live style is all from their country.

There is all interest with all rules with 20th centuries as free trade system and world order are with all their effort. As world call them as policemen.

Army forces are all cutting edge with all technology and space technology as all their bases.

These are more than surprise only they have 200 years of history.

With 21st century they have new technology and lifestyle. These are IOT change and next society as Mr. Peter Drucker insist.

In their society there are 2 differentiated worlds as rich and poor as highly educated and none educated.

As the world seek the futures, we could ask more learning and to find all answers.
