

America and China with its justice

KURODA International

Takeshi Kuroda

There are 2 divines of reality with its justice. We may wonder Armageddon that may not be lies.

All these 2 powers must divine the world into 2. This is with goodness and evils. But try to be wise that we know illuminati is evils of kings.

These are free world with western justice but China is standing against. But how to be accepted by peoples. There is goodness and evils of theirs.

All these hatreds are hold by goodness and evils. More than all amount of self with both.

How we could circulate with them? May trust their justice? To be wise of self we may not follow lies for both.

Additionally, to be wise we could ask 3rd decision. Away from both and build own world.

Armageddon is their business among within goodness and evils. That permit we could ask our steps.
