KURODA International

Takeshi Kuroda

With any protection by army forces for any nation and gives a full permission with own decisions. We dare to ask same agreement with the world.

These are not with conflict but only with a cooperation. There we give a full permission of own freedoms.

These are the frame work of unification of the world with abandon of wars.

With International society propose new world facing with New World Order. We are not trying deny them but asking their decisions.

We are in new Space ages that any cooperation is possibly given.

We may ask any decision from universe with contact in all environments.
