

China and India

KURODA International

Takeshi Kuroda

Two giant nations with alliances could ask presence in the world. With army forces and capitals, industry what they have could seek how the reality may be given.

We can find reality with the world, and we could wonder if their decision and proposal could be accepted even with all truth of the new world order.

Reality is only with power politics that we may find so that capitals and industry, army force may ask own reality under differently making steps.

Tail with the unification of whole Asia that what we can do with?

We KURODA International send all descriptions that we may help you all.

This is proof that we are equally facing all realities.
