

Construct a same presence as AMERICA

Kuroda International

Takeshi Kuroda

There is an only one super power that is called AMERICA. China may not reach that what they have to know.

That means we are trying to make same condition and reality as AMERICA. Political decision may construct itself.

Foreign affair may ask same condition bases upon today.

These are the challenge to face equally to the world.

We are trying bases with Asian union. All new technology and systems must be from self. That is understanding bases to create own society.

These are that capitally and industry, army we are trying equal position.
