

Crisis management

KURODA International

Takeshi Kuroda

The world is facing a crisis. That is proof that all nation must have their crisis management.

The invasion of Ukraine is only a beginning that we all know. The world has its change in reality.

Who is a king, and who has a decision?

The world has its control. That is all truth we all have to know.

All politics must make its decision. This is only what we are handling to a reality.

Determine by politics may ask the world. That is all duty of politics.

Due to politics may ask reality by its decision. The world faces enormous armies and capitals, industries, and technologies.

An equal environment is only a condition to face equally to the world.

Let me ask your decision. Follow them or ask its independence.
