Ukraine its invasion gives divine of the world. This is the right decision with the final war.

With free camp, gather one pole with a world. They have their tail with New world order. On the other hand, there is a reality.

This must occur in World War 3. United Nations are with the new world order. Then we may seek justice of the world.

We may stand with disclosing all information to build our justice. Then we are standing equal to the world.

We may raise an idea of abandoning war and unification of the world as we are following lyrics as Imagine by John Lennon.

To arrest all crimes that we have a reality and justice to stand to own righteously to face the future.

Conclusion: there must be a revolution, but our army force gives it a success.

It is not as the Orange revolution from Ukraine but as our justice.
