Related with Ukraine matter bankruptcy and default are new reality with economy. All financial spending with Covid 19 make difficulty with national financial conditions. Still waiting for war games.

All business participator faces new reality. How you may imagine for all these realities? We then be participated with M&A games.

Investment needs all its considering. The world globalization and ownership of economy we may try to ask new shift of ownership.

These are as Wall Street of its movie that we are seeking new futures.

New technology has his promise for the futures. As planed melt down of stocks that is as old ages to own for all.

Million dollar goes 10,000 times of its capital. That is a right way of a business.

These are right investment according with new world order.
