

Forecast with coming future

KURODA International

Takeshi Kuroda

There must be all confusion starting with the invasion of Ukraine. That causes to include wars and bankruptcy of national finance as economic crisis.

As we may know, that new world order is all tails and reality we may find. That seek world government.

Any concern with the universe and their decision could be seen with reality.

The creation of a new world and society is truth. There are new civilizations with new technologies.

According to all plans, the economy must have confusion but any safes. That gives all troubles with people's lives.

Even with that, the world has its control. It must be called the Illuminati.

It starts from now to the end. On the other hand, there are descriptions called John's apocalypse. That means all people may not find an escape.

Unification of Asia is all bases that we can work for, and with Eurasia, we dare to build the core of a new world that all politics ask our agreement and decisions.

We could ask for any cooperation to the universe and face all realities.
