Under Political decision reconstruct nation anew.

Gathering from university and business field, public servant that make plans under all discussion to be a nation anew.

All wisdoms are creation future as own space participation.

Politics make a plan and rebuild self and all its talent works for rebuild and construct self-anew.

With own financial spending create new infrastructures as a full cooperated with fostering own industry.

We are making own vision of future and asking political agreement and plans. Central government and regional government ask a full cooperation and build anew of self.

All these talents have own skill and ability that they could work for the futures.

There are especially with industry and politics, army, space technologies.

These are determined from political agreement bases upon.

As renewal of self-ask anew with own foreign affairs. That new position to the world change under own policy to face a world as it has changes.
