

Global participation in shared global responsibility

KURODA International Consulting

Takeshi Kuroda

If the West takes all responsibility for the world, what is all your decision? We are trying to share the world and seeking a new world.

All globalization is creating new realities and cooperation. We may ask for new laws and rules.

Equal responsibility could be all tails of the new world. There are all numbers of nations that we are trying to take equal responsibility for the future.

We are trying to ask for a new consensus that is based on a new world.

With all bases, how could we imagine the new world?

Globalization has the same rule. Those are common in the world. Who dreams about the world's unification and trying to make a new world?

All adults must take responsibility for coming children so they can spend themselves in a new world.

As we could ask for a new rule. Since that gives a new world, either.

The world leader must give people a new vision for the future. That is an idea that all people follow.

But we could enjoy the new reality of globalization as the unification of all realities. What is a gifted? All youth may try them into all globalization.

We may have all history on this planet that ended with all globalization, and that is above with a new technological civilization. And we have all new space ages.

Politics takes a whole responsibility for the world and the future. And who can we find in the world?
