

In front of a step of World War 3

KURODA International

Takeshi Kuroda

With whole Asia of its agreement to serve own declare to United Nations. That is an agreement for abandon of wars and own right to decide own nation out of any invasions.

Must disagree to invasion by Russia.

These are the agreement of peace and facing against New World Order.

On the other hand, we prepare with own vision to the world and futures.

These are moving forward to United Nations General Assembly.

We are trying to make all decision of the world. Majority of vote could ask the new world.

With all nation of the world under United Nations General Assembly we give own vision instead of New World Order.

Ideals are whole agreement of all nations out of an exception. Whole agreement could be moving forward to unification of the world.
