

Last Emperor

Kuroda International

Takeshi Kuroda

The emperor has a world. The king owned the world in the past. The present age is the age of the masses, which leads to the final war in conflicts and contradictions between the past and the present.

What is wise here should be known, hypocrisy is a lie. Therefore, the justice is made. The liar is forever from the world.

The emperor makes its glory eternal. Wealth is superior to the world, and beauty flock to it.

The Last Judgment is the judgment of the people to the king. Give it eternity to all kings.

This is the last emperor.
