China is forwarding to Taiwan. This time there is an Invocation of Japan-US Security. It means the world moves.

Out of any doubt, Japan is all target with China. North Korea must ask for his action.

The USA takes action, and there must be movement in the Middle east. We have an ace up my sleeve then.

With all unification of Asia takes all action. We give a different choice to the world.

All these realities there are effect tails with a nuclear weapon. Abandoning the war is a different step we may offer to the world.

There must be a total separation between the two. Must ask them with Armageddon.

We all imagine that China and Russia are evils and USA must be good. But all these effects are plans of new world order that is all effect of evils. The USA is all their tools.

We are trying to face equally with any measure then. In front of a step, there must be a massive change in the world.

In it, we can seek every match and desire to win.
