

Quad

Kuroda International

Takeshi Kuroda

As their alliance, USA and Australia, Japan, and India ask for its action. The liberal camp builds its bases in Asia and Oceania as they build their justice.

Their army force covers Middle and east Asia. Aim with China and asking regional order.

These realities are with change from the economy to the military. As AUKUS takes new covering with the new world order that Quad must follow.

We are waiting for a difference in any realities that we may find from the invasion of Ukraine to Taiwan.

We may forecast a new reality in Asia and Oceania. These realities are changing military balance and seeking new military orders.

There must be two groups of power that must seek to struggle with wars.

These are moving by now that construct a new reality of the world.

Quad is facing a new reality and seeking its action.

AUKUS with WASP group they must take the first presence. A quad must face this reality.

But the Liberal camp and its justice face a new world under its purpose. And seeking to reconstruct the world against its enemy.
