

The intelligence agency, Secret police, and blackmail

Kuroda International

Takeshi Kuroda

This hobbit is all the same as we can face all reality of the world, as Mr. Donald Trump works for Russia.

Especially with China and Russia, this is their lifeline. As Mr. Putin takes over his nation during his career, we face the same irony of reality.

For all tails that we find with new world order as they are asking all controls. If once you are trapped with them, you may not find any escapes.

How much porn can we see with all politics?

That must prove we need all privacy.

This is national security we have to work for. As we may know, international society is based upon this reality.

Come with a digital society where all agencies cover any information.

Politics must handle all reality under its common sense.

This gives all understanding that their Illuminati organization takes over the whole world.

That is proof that they have perfect control of the world, and a new digital society is under their hands.
