It can not be any profit or the benefit of any king, but it must be the future of any children of the Gaza Strip and Ukraine.

Our shared responsibility, our collective understanding and consensus, can pave the way for the development of new ideas and systems, transforming international society.

All these are based on the new world that is called a conscience. All these bases may ask for a new system framework for the world.

We find all new bases of our necessity. Then let's move the issue to the new future. We are trying to build a new world that agrees with a new civilization.

With their remarkable advancements, new technology and academics open up a world of possibilities, allowing us to envision a brighter future and even new contact with space.

We have found all the truth by now. What do we have now? I give you the truth, which is our choice. And we see that makes the future.

Correct political action is sure to win people's agreement. Misguided political actions are sure to cause people to lose their agreement.

Acceptance of those may be calculated under freedom with its liberal came today. But this is not the only way to make our choices, which we must know. We insist on new socialism that makes its promise to serve a fundamental living environment to all people governed by basic income.

But in any case, we need our reality to decide ourselves under its choices and decisions. This may be all the reasons we find in a world where freedom is the only requirement of self for all peoples
