With Orange revolution is an effect of the CIA. As joining NATO has its effect. They were standing themselves with a crisis of theirs by the Russian invasion.

International society has itself under media control. Bases with United Nations build up his justice.

All these works forward to the unification of the world under his justice. The world government must carry all these realities.

There are matters as any concerns of the universe. And we have to know all their purpose. And the universe itself has its change.

This is a base we may handle the reality.

We could see World War 3 and planned futures. Under all these realities, we may not find any justice.

Under rightly build a world that we are paying all duties? This is the only permission we may seek in the future.

For last pray and asking all conscience, we may wait for tomorrow.
